Ingenieurkunst, die bewegt

Der KSB Konzern ist einer der führenden Anbieter von Pumpen, Armaturen und zugehörigen Serviceleistungen. Diese kommen in einem breiten Anwendungsspektrum von der Gebäude- und Industrietechnik über den Wassertransport und die Abwasserreinigung bis hin zu kraftwerkstechnischen Prozessen zum Einsatz.

Das 1871 in Frankenthal (Deutschland) gegründete Unternehmen ist mit eigenen Vertriebsgesellschaften, Fertigungsstätten und Servicebetrieben auf allen Kontinenten vertreten. KSB beschäftigt mehr als 15.500 Mitarbeiter.

Mit 170 Servicestätten und über 3.000 Servicemitarbeitern stellt KSB außerdem weltweit Inspektions-, Wartungs- und Instandhaltungsdienste zur Verfügung. KSB ist immer nahe beim Kunden.

Basis des Unternehmenserfolges ist eine innovative Technik, die auf eigener Forschungs- und Entwicklungsarbeit beruht. Die Aktivitäten der KSB Forschungszentren konzentrieren sich auf Hydraulik, Werkstofftechnik und die Automatisierung von Pumpen und Armaturen. Für eine hohe Energieeffizienz stehen exzellente Wirkungsgrade, stromsparende Motoren sowie Geräte zur Steuerung, Regelung und Überwachung von Anlagenkomponenten.

Un savoir-faire technologique qui met le monde en mouvement

Le Groupe KSB compte parmi les entreprises leaders sur le marché des pompes, de la robinetterie et des prestations de service annexes. Celles-ci sont destinées à de nombreuses applications, des secteurs du bâtiment et de l'industrie aux centrales énergétiques en passant par le transport de l'eau et le traitement des eaux usées.

Fondée en 1871 à Frankenthal (Allemagne), la société est représentée sur tous les continents à travers ses filiales, ses usines de fabrication et ses entreprises de Service. Elle emploie plus de 15 500 personnes.

Par ailleurs, avec 170 centres de Service et plus de 3 000 collaborateurs Service, KSB propose à ses clients des prestations de maintenance, d'inspection et de réparation dans le monde entier. KSB est toujours à proximité de ses clients.

Le succès de l'entreprise repose sur une technologie innovante qui est le fruit de ses activités de recherche et de développement. Les centres de recherche de KSB concentrent leurs efforts sur la technologie de l'hydraulique, le génie des matériaux et l'automatisation des pompes et de la robinetterie. Des rendements excellents, des moteurs à faible consommation énergétique ainsi que des équipements de commande, de régulation et de surveillance de diverses composantes d'installation assurent l'efficacité énergétique maximale.

Engineering that's a very smart move

The KSB Group is one of the leading producers of pumps, valves and related service offerings.

These are used in a large variety of applications ranging from building services, industry and water transport to waste water treatment and power plant processes.

Founded in Frankenthal, Germany, in 1871, the company has a presence on all continents with its own sales and marketing organisations, manufacturing facilities and service operations. KSB employs more than 15,500 people.

The company also has 170 service centres and over 3,000 service staff to provide inspection, maintenance and repair services worldwide. KSB is always close to its customers.

The success of the company is founded on innovative technology that is the fruit of its own research and development activities. KSB's research centres focus their efforts on hydraulics, materials technology and the automation of pumps and valves. Excellent efficiencies, energy-saving motors as well as equipment for the control and monitoring of system components ensure high overall energy efficiency.
