

Manufacturing Applications

Elegant Textile Industry

Today it has over 144,000 spindles producing one of the best synthetic ring-spun yarns in the world.

The Aditya Birla Group is India's third largest business house, with annual turnover of over USD 5,5 billion, asset base valued at over USD 4 billion and nearly 72,000 employees in 18 countries world-wide.

Over 75 manufacturing units in India and overseas (Thailand, Indonesia, Malaysia, Philippines, Egypt and Canada) and International trading operations spanning several countries including Singapore, Dubai, Russia, Switzerland, USA, Vietnam, Myanmar

and China makes it India's first truly multinational conglomerate.

Committed to being a global benchmark Group, the Aditya Birla Group reaches out to the core sector in India, in industries integral to the nation's growth-Cement, Aluminum, Fertilizers, Viscose Staple Fiber, Textile, Petroleum Refining, Power, Telecommunications, Industrial Chemicals and Financial Services.

The Aditya Birla Group is the world's largest producer of Viscose Staple Fiber, the third largest producer of Insulators, the fifth largest producer of Carbon Black. In India, they are the

largest integrated aluminum producer and the world's lowest cost aluminum producer, the second biggest producer of Viscose Filament Yarn, the largest producer of White Cement, the largest manufacturer of Branded Apparels, the largest producer of Viscose staple fiber

The Group also has a significant presence in Insurance, Power and Telecommunication sectors; strategic joint ventures with global majors such as Sunlife (Canada), the Tata Group and NGK Insulators (Japan) and has ventured into the BPO sector with the acquisition of Trans/works, a leading ITES/BPO company.
