

**KSB and You....**

**A partnership on the move**

## KSB and You.... A partnership on the move

As a global leader in our field, KSB has more to offer than just excellent products; more partnership; more knowhow and more services.

KSB takes pride in being a Technology leader, with a strong customer focus. Offering top class packages; value for money; comprehensive care; regionalized service and the entire backup needed for complete "flow control" in your business. May it be pumps or valves in water and environment engineering; process industry; power and oil or building services - KSB service is at your call! Therefore, KSB not only known to engineer state of-the-art pumps and valves; but also provide a tight array of service around them!

KSB stands by its customers all along through the entire implementation of a project; offers continuous after sales service and undertakes a variety of service contract including Annual maintenance contracts and energy audits to provide optimum and cost effective solutions.

At KSB, the relation with the customer is an ongoing partnership, continuing beyond product commissioning. Regular tailor made training programs are held, both in house and at our customers site with the objective to acquaint them with selection, operation and maintenance - with the objective to get the best from KSB pumps and valves.

### Why KSB SupremeServ?

Today a KSB user takes for granted not only our product quality, but also prompt customer support-nationwide. The comprehensive range of pumps and valves manufactured from KSB's facilities spread over five locations in India, which support our philosophy of prompt service are augmented and strengthened by a well trained and strong team of over 60 service engineers; 6 service stations and over 200 authorized service centers spread over the country.

All these are well equipped with adequate machine tool setup

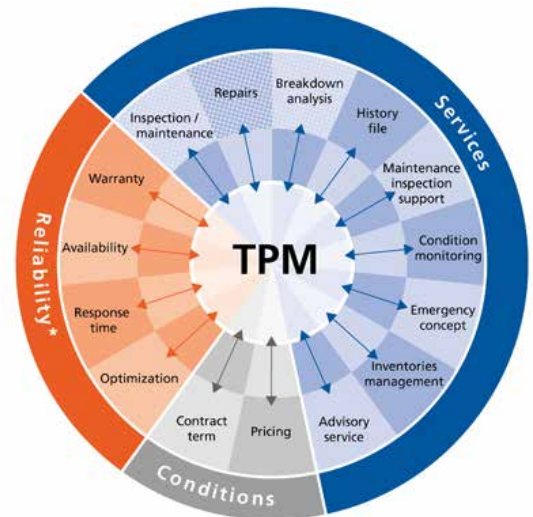

- Special purpose tools
- Measuring equipments
- Vibration analysis Facilities
- Painting Facilities etc.
